**ALPI Eesti – Certificate “Strongest in Estonia 2018”**

The international credit information company Creditinfo Eesti AS certifies that ALPI Eesti based on economic data for 2017 has achieved the rating of Excellent (AAA). Creditinfo rating is an assessment of a company expressed as a cumulative grade based on economic, financial and payment behaviour. Only 0.6% of Estonian companies can claim the excellent AAA rating.

**ALPI in Denmark – award honoring the best performing company in the region**

ALPI in Denmark was awarded the ‘Midtjysk Erhvervspris 2018’, a regional award honoring the best performing company in the region of Midtjylland. At the award show, it was highlighted that ALPI Denmark continues to run a sound and healthy business and, at the same time, shows public spirit. In particular, ALPI Denmark’s visible and active CSR- and sponsorship profile was pointed out as one of the main motives behind ALPI Denmark receiving the award. With the award comes a money prize of 25,000 DKK which ALPI Denmark will utilize to purchase an artwork done by a young local artist. At ALPI Denmark we are both proud and pleased to receive the award. Niels Arne Markussen, our former CEO, Kjeld Tygesen and John Blæsbjerg received the award on behalf of ALPI Denmark.

OLYMPIKA

BECAUSE WE ALWAYS TAKE CARE!

SITUATED IN A STRATEGICAL LOCATION
NEAR THE HISTORICAL ATHENS, INSPIRED BY OUR ANCESTORS AND THE FAMOUS GREEK PHILOSOPHY, ALPI OLYMPIKA WILL SOON CELEBRATE ITS 30TH ANNIVERSARY.

Without neglecting our traditional road business and always having in mind the personalized relation with our customers and the support of Alpi network, we dared to look into the sea roads through one of the more important ports of Europe, the port of Piraeus.

FOLLOWING AN ALMOST 10-YEAR ECONOMIC RECESSION, SEEMS THAT THIS BEAUTIFUL GREEK SUN WILL CONTINUE TO SHINE BRIGHTER THAN EVER.
MAY 2017 WE HAD A VERY NICE DINNER ALL TOGETHER HERE IN CIVITANOVA TO CELEBRATE OUR 30TH ANNIVERSARY.

AFTER TURNING OVER OUR 30TH ANNIVERSARY OUR ACTIVITIES CONTINUES AND WE’RE IN A VERY GOOD SHAPE.

It was a pleasure to meet mr. Piero Albini, mr. Nando Albini, mr. Sandro Pitigliani and mr. Federico Albini and we spent a great time all together celebrating such an important anniversary.

In our office we’re 9 people in total and we offer a good service with weekly departures for almost all of the API offices based in Europe.

We store the goods in our depot of 1000 squared meters and we load trailers every day, mainly on Tuesday and Fridays.

The market is quite difficult in Civitanova yet our team is struggling every day in order to give either to our clients than to our agents a good service.

We’re a reliable partner able to provide the needs our clients and partner may face in the world of the transport.

We’ve recently started a collaboration with a network moving more than 3000 vans working every day in Europe. These vans may transport about 1000/1100 kgs (depending if they are equipped with the hydraulic lift or not) and have a capacity of about 20 cubic meters.

EXPERIENCE AND RELIABILITY

THEY DO NOT HAVE ANY TACHOGRAPH SO THAT WE’RE ABLE TO HELP OUR CLIENTS AND/OR PARTNERS WHO NEED TO MOVE THEIR URGENT GOODS ACROSS EUROPE IN A VERY QUICK TRANSIT TIME.
The new Alpi Sweden started in October 2017 and we sit together with our sister company Transbaltika in Borås.

We got a flying start together with our Alpi partners in Italy and Portugal. For Italy, we today have around 10 groupage trucks per week and for Portugal 1-2 trucks. There are 5 competent people that give the best service to our customers and our aim for 2018 is to grow even more.

Transbaltika

Transbaltika is an Alpi company since 12 years ago.

We have situated in Borås near Gothenburg our main partners are Alpi in all the 3 Baltic countries. We are 10 persons in total.

Our main traffics are the Baltics, Poland, Norway, Holland and Finland where the Lithuanian traffic is our biggest traffic.
SPECIAL STOCKHOLM

THE CITY IS RELATIVELY EASY TO NAVIGATE, BUT IT WAS HARD TO GET AROUND THE IDEA THAT THE CITY IS BUILT ACROSS 14 DIFFERENT ISLANDS. HOW WAS I SUPPOSED TO FIND ALL THE COOL STUFF WHEN IT SEEMED EVERYTHING WAS GOING TO BE HARD TO REACH? LUCKILY—IT WASN’T. THE CITY’S SUBWAY SYSTEM WAS EASY TO USE AND GOT ME TO JUST ABOUT EVERYWHERE I NEEDED TO GO.

Below are the five places I visited in Stockholm that I felt really encapsulated the city’s style, its atmosphere. Sometimes when you visit a place, it can be a challenge to find those places which really capture the essence of a city. A city like Stockholm, with its vast, blue waters, its green parks, its hipsters and its trendy restaurants—thankfully makes it easy to find cool things to do. The city is teeming with places that ooze cool. But the five places I recommend below are my favorites—they have their own interesting stories.

WHEN I STARTED LOOKING UP COOL THINGS TO DO IN STOCKHOLM BEFORE MY FIRST TRIP, I REALLY BECAME QUICKLY OVERWHELMED.

**SWEDEN HAS LONG BEEN AT THE FOREFRONT OF FASHION,**
AS EVIDENCED BY THE MANY SHOPS FOUNDED BY SWEDISH DESIGNERS.

Companies like H&M and IKEA have become so ingrained into our collective global history, sometimes it’s easy to forget that they’re Swedish. But in Stockholm—the design and the fashion is so much more than the fast fashion variety.

The city is relatively easy to navigate, but it was hard to get around the idea that the city is built across 14 different islands. How was I supposed to find all the cool stuff when it seemed everything was going to be hard to reach?! Luckily—it wasn’t. The city’s subway system was easy to use and got me to just about everywhere I needed to go.

... CHOOSE TO BE HAPPY
One of the most important is BIG 5 2018 (Dubai 26-29 November 2018) and this is the Middle East’s largest construction event and this year will be co-located with the all new HVACR EXPO, the Urban Design & Landscaping Expo, and the second edition of the Big 5 Solar.

ALPI Expo’s staff will be in Dubai from Nov 24- up to Dec 1st to assist its exhibitors during all phases before the exhibition until closing.

During last edition, over 2500 companies from 60 countries have attended to this Expo and more than 75,000 visitors from over 140 countries attended to the 38th edition. This is a clear proof of Dubai’ recognized role as a leading business hub, which extends well beyond the Middle East Region......and ALPI EXPO is proud to be - once again - part of it!
The ALPI group is proud to present the website of ALPI Servizio Moda, logistics division of the group, we are online in the Italian version www.alpimoda.it and in the English version www.alpimoda.com.

In the future, we have the idea to make the site available also in the Chinese version.

The time was right and after several consecutive years of successes and consolidation, ALPI Servizio Moda had a reason to exist online like every other company of the group.

The development of the website followed the style, graphics, and prints of the website of the mother-company Albini&Pitigliani www.alpiworld.com to respect the principals of coherency of the group.

The contents, at disposal from the desktop as from a mobile device, are mainly split into two Macro areas:

1. A section dedicated to the services that offer ALPI Servizio Moda: Pick-Pack, quality control, Value added services, return management, transport and delivery, e-commerce and fiscal representation.

2. A section where all the structures/warehouses in Tuscany are illustrated, developed over a total of 40,000 sqm at disposal for our logistic clients: Gonfienti, Calenzano, Macrolotto, Macrolotto 2, Asegna e Vaiano.

ALPI Servizio Moda is present on two important social networks: Facebook and Linkedin, where we publish contents linked to the company (services, staff, warehouses) and in general to the logistics world for the fashion industry.

The News section instead is shared with the main website of the mother company Albini&Pitigliani and the other companies of the group to strengthen the image and the online reputation of the whole network.

Another important news about ALPI Servizio Moda is relating to the AEO certification. In April 2018, ALPI Servizio Moda obtained the authorization as “Approved place for the presentation of the goods and a temporary custody” conferred by the Customs Agency of Prato in accordance with the European Customs legislation newly introduced.

The qualification of AEO (Authorized Economic Operator) is the major recognition that the Customs Authority can confer to a company and from 2020 the certification AEO will become a necessary condition for all logistics operators in an international context.

The logistics division of ALPI group is growing more and more and you can follow all the progress on the online channels.
